Once you have watched the video for important hints and tips:

Cut (5) 2.25" x WOF strips

Join the strips end to end to make approximately 200" of binding.

- Take two strips.
- Place one right side up
- Place the other one with right sides facing on top of the first one as shown.
- Stitch from corner to corner
- Trim off the excess.
- Press seam open.
- Repeat till all strips are attached to each other.
- Fold the binding in half lengthwise, wrong sides together and press.
- Stitch the binding to the front of the quilt sandwich with a 1/4" seam.
- Join the two ends and finish stitching down the binding.
- Turn the binding to the back of the quilt.
- Pin in the ditch from the front. Ensure you catch the binding on the back of the quilt.
- Stitch-in-the-ditch from the top of the quilt.
